

Become a School Liaison with United to Learn!

As the **primary relationship manager** between United to Learn and an elementary campus partner, the School Liaison develops strong relationships with campus leadership. This in turn creates the framework within which our community can unite and engage in effective programming to realize the vision of growing student achievement and purposeful leaders. Through their relationship and consistent communication with campus representatives, **School Liaisons come to appreciate the unique needs of their campus, facilitate meaningful partnerships with private community partners, leverage the resources secured by the United to Learn network, and advocate for their campus in the larger community.** As a result, School Liaisons emerge as knowledgeable and purposeful leaders in public education advocacy.
